DONNA BURDICK
FLORAL DESIGNER

Donna is a talented floral designer who has created masterpieces for many people in the greater Pasadena community.

The first job Donna ever had was working at a local florist when she was in high school, and she describes it as such as "a pleasant experience because flowers always made people smile." While she was working there, Donna was lucky to be able to watch and learn from a very talented floral designer who created the most amazingly beautiful arrangements. As a part of the At Home Hospitality Series, the CWC is excited to offer this event that is designed to share creative ways to bring beauty into your home.

Donna will be showing us how to do three simple designs that are easy and fun. "While I am not a professional floral designer, I hope to share with you the uplifting experience of floral art."
